have some time to fill. I think it's a proper motion that we suspend the rules and take up tomorrow's Final Reading immediately. If they're finished, or before they are finished, I will offer a motion for a recess. Then in order to complete the work that the Bill Drafting Department is so engrossed in at this moment that this body return and recess until about 9 or 9:15, whatever is convenient for this body to return. I think they're overrides, or something you could take up instead and pass a little time until 5 o'clock, if that's what you wish. Or you could recess. We know one thing. We have to come back tonight and get these bills read in again. If we don't there are at least three bills in this group up here that won't make it to Final Reading. That means a Special Session if they're not passed, at least three bills in this list. So we ... irregardless of what we do now and I really don't care, we're going to have to come back tonight to get them across or we're just asking for another session practically immediately.

SPEAKER: You didn't ... did you withdraw your ...
